

🍷 *Workin' It Out*

©1984, Linda Allen

We're workin' it out
Through the sad times, the tears and the doubts
Through the bad times, we both wanted out
But now - we're workin' it out

We're workin' it out
Tryin' hard to be friends again
Wonderin' when all the hard times will end
But then - we're workin' it out

All the times when you need me too much
All the times when I turn from your touch
Lonely times when I'm goin' nowhere
Then I turn and you're there - you care

So we're workin' it out
Just a start - but we're feeling again
This old heart's on the mend again
So now - we're workin' it out
We're workin' it out
